Workforce Info

Prudhoe Bay

Prudhoe Bay is an unincorporated CDP that lies offshore in the Beaufort Sea, east of Nuiqsut, in the northern waters of Alaska. The Prudhoe Oilfields provide thousands of jobs, but the listed population reflects only the permanent residents of Prudhoe and Deadhorse. The Trans-Alaska Pipeline links Prudhoe Bay with Valdez. Prudhoe Bay is part of the North Slope Borough.

- ♦ The estimated population for 2008 was 4, a loss of about 1 since the 2000 Census.
- ♦ About 90 percent of the resident population 16+ years old worked in 2008.
- ♦ Professional and Business Services was the main industry in 2008, employing 35 percent of the area's workers.

Please note: There is an important distinction between the local/regional employment data and our "standard" employment series. Most of these data reflect totals for area residents *only*. Total worker counts may be lower than expected in areas with a large number of nonresident workers. The Alaska Permanent Fund dividend file is used to determine the worker's geographic residence. Only Alaska residents (as defined by PFD application) are included in these totals. Also note that federal employees, the military, and the self-employed are not included in these data.
